New Homes Agent

Job Summary

Glenveagh Properties PLC has a requirement for an experienced New Homes Agent to join their fast paced and expanding sales and marketing team.

The role will be dynamic and the selected candidate will work across all sections of the sales and marketing team. The successful applicant will be immersed in a professional environment and will get the opportunity to work within an organisation that is achieving outstanding results.

Key Responsibilities

This role encompasses a variety of responsibilities from the commencement of a development site, organising and implementing and overseeing the required marketing collateral, through to the initial launch of our new homes developments.

Key Requirements

- An established track record for coordinating, implementing and delivering successful marketing strategies and launches of new homes schemes across a number of residential projects.
- Experienced in refining and advising on alterations to architectural layouts for new homes to optimise the functionality of the living space and establish in-house design guidelines.
- Obtain tenders and negotiate fees, develop and manage operational budgets.
- Engage external design team members at appropriate stages in the development process.
- Work as part of team in establishing the optimum planning on acquired sites.
- A knowledge of the property market, particularly the new homes market.
- A property third level qualification.

Experience

- 2 years+ property experience with a Developer or Estate agency practice particularly the new homes market.
- A knowledge of the property market

Location

Maynooth, Co. Kildare
